

# Unit 9

## Lesson 3

### Session 14

# Understand, say **numbers**

19.4 °C

160

$\frac{3}{4}$

20%

# این جلسه باید خلاصه ی

**Episode 20**

**Mary the Paralegal**

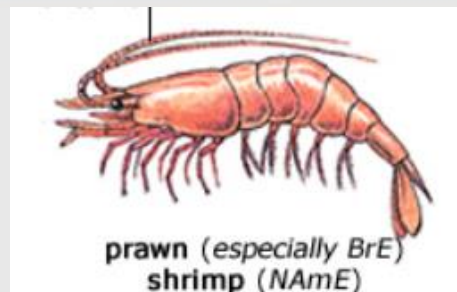

**گفته بشه**

# Lecture Time

**How much time do you  
**spend** in your kitchen?**

**A2**

**Unit 9** | In the kitchen

**What's usually in your kitchen ?**

## Food - Drink

**Un/Countable nouns  
with some/any  
to talk about **food**, **drink****

## In the kitchen

**Use quantifiers  
to talk about **cooking****

# Unit 9 Cooking, Eating

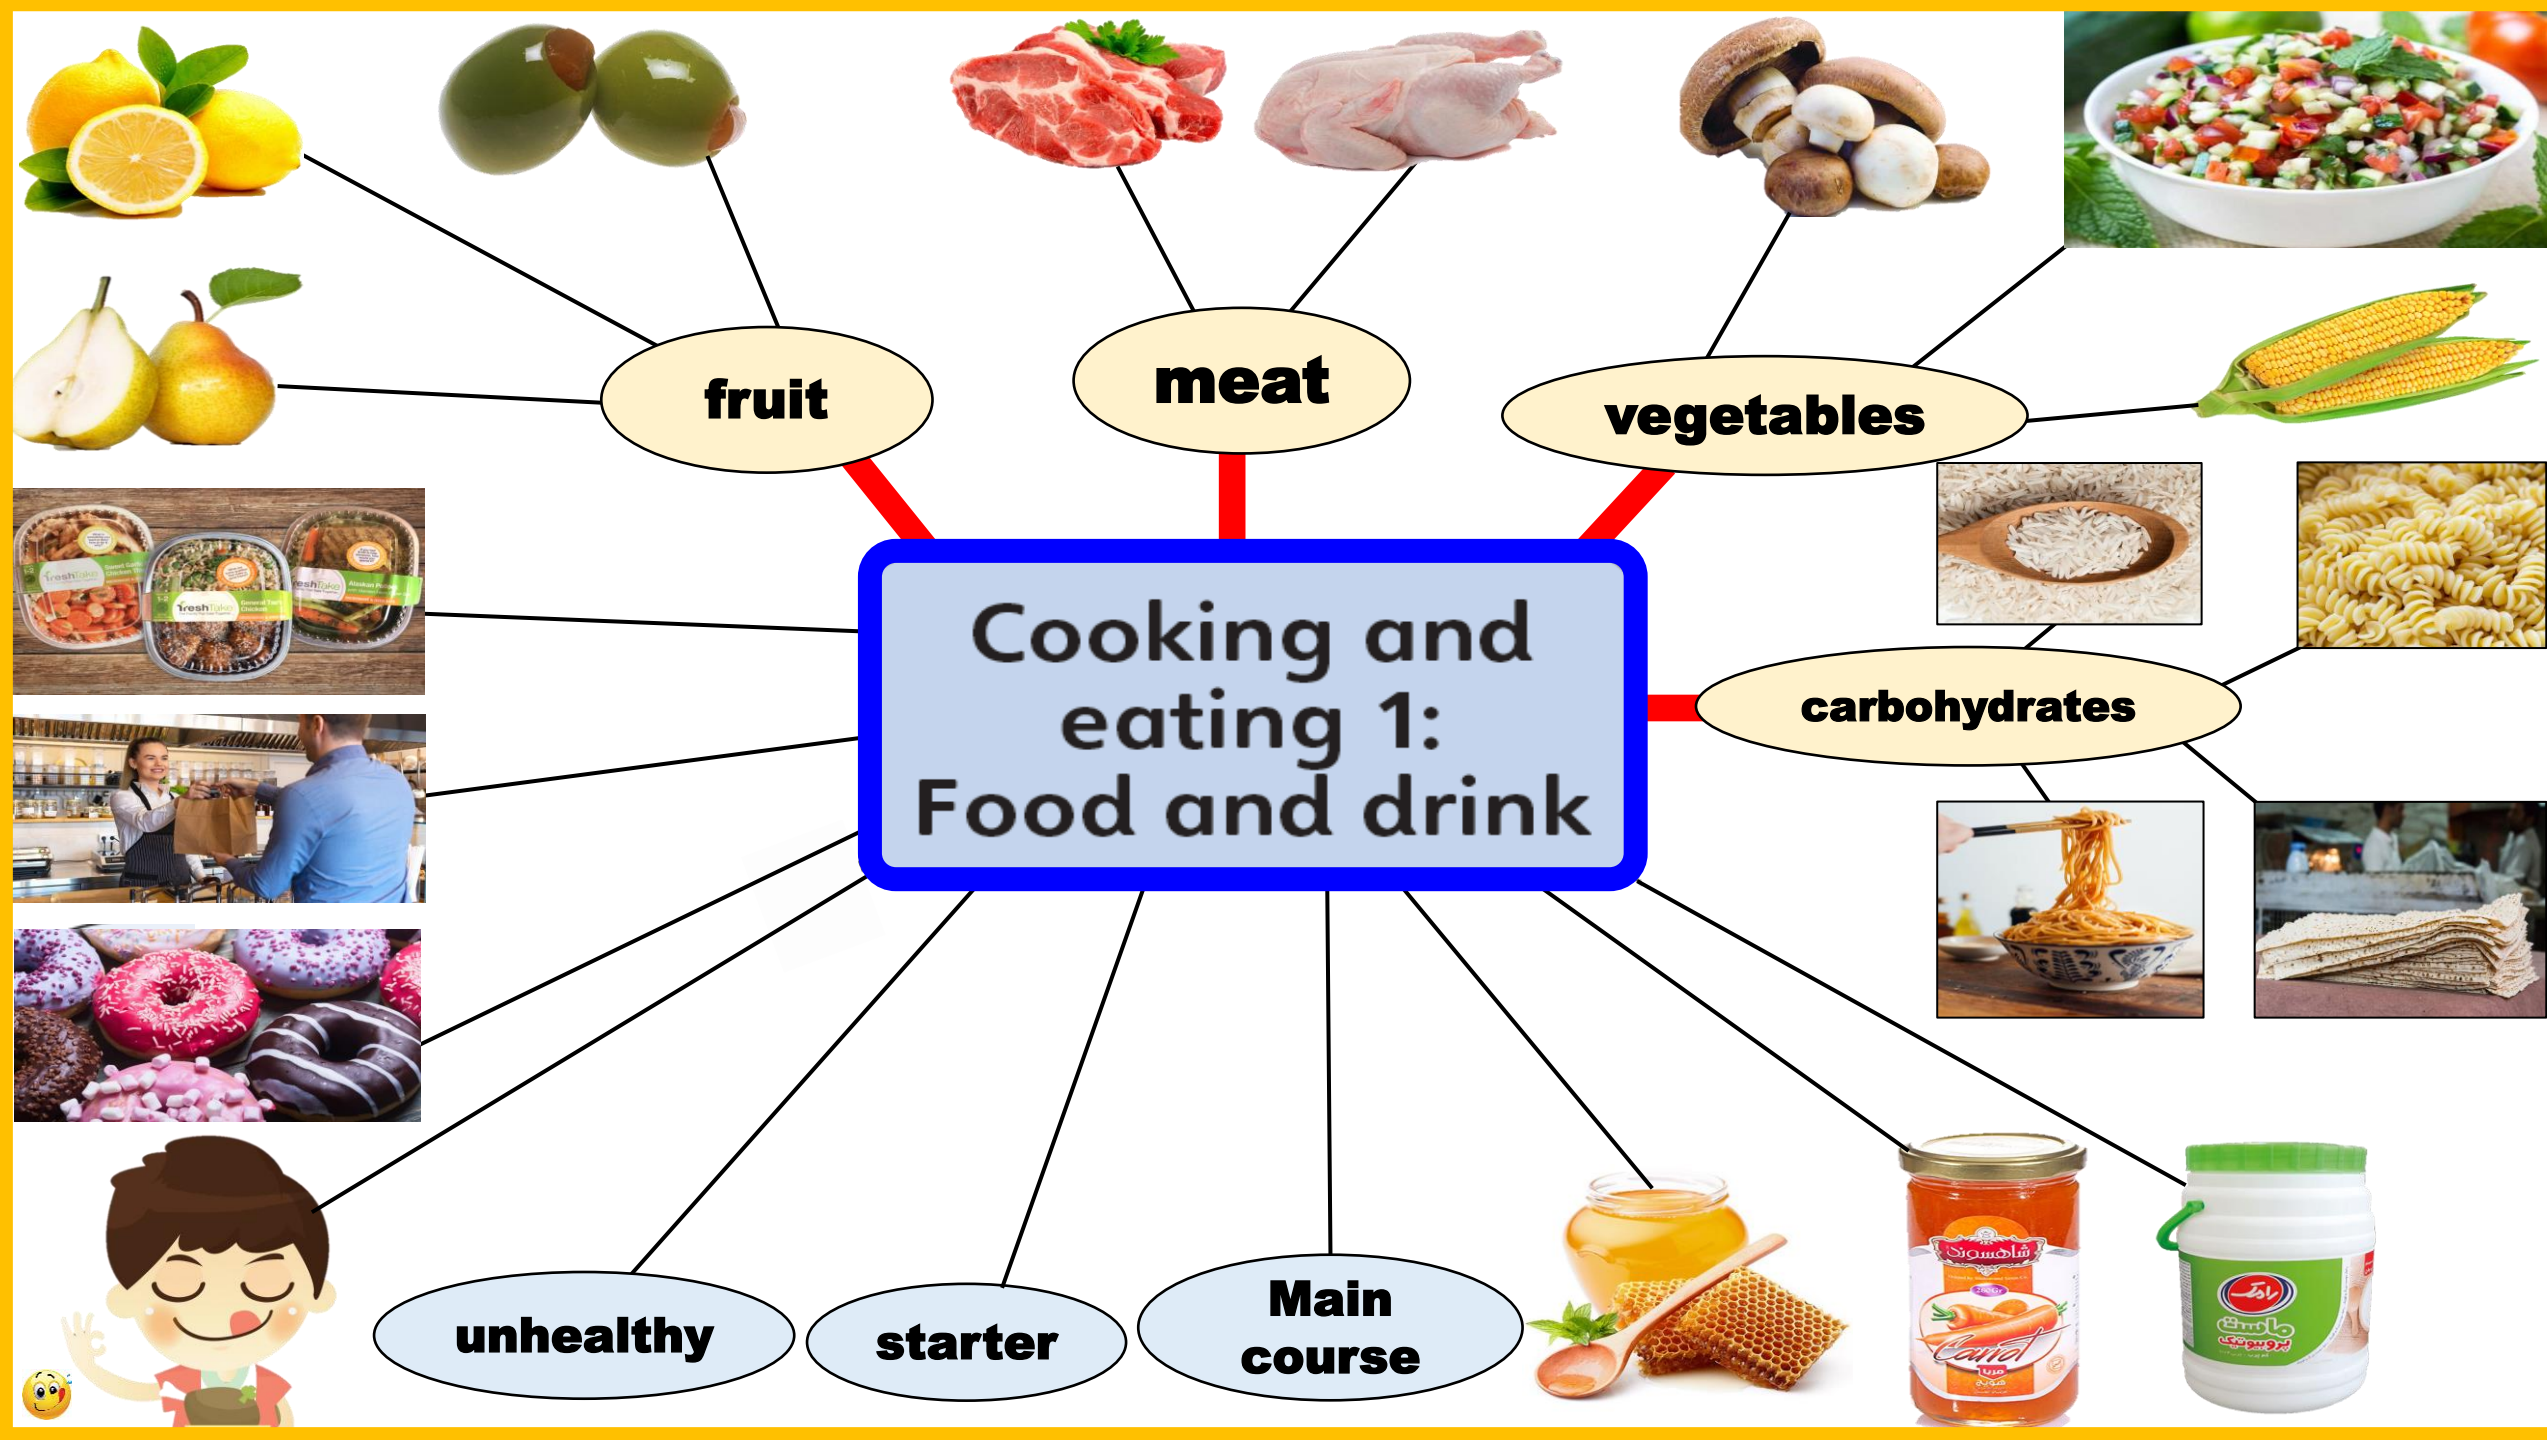

## Vocab – Skill development

**Understand, say numbers**

## Speaking - Writing

**Recommend, ask about place to eat  
Order food in restaurant**

**Making a Pizza**

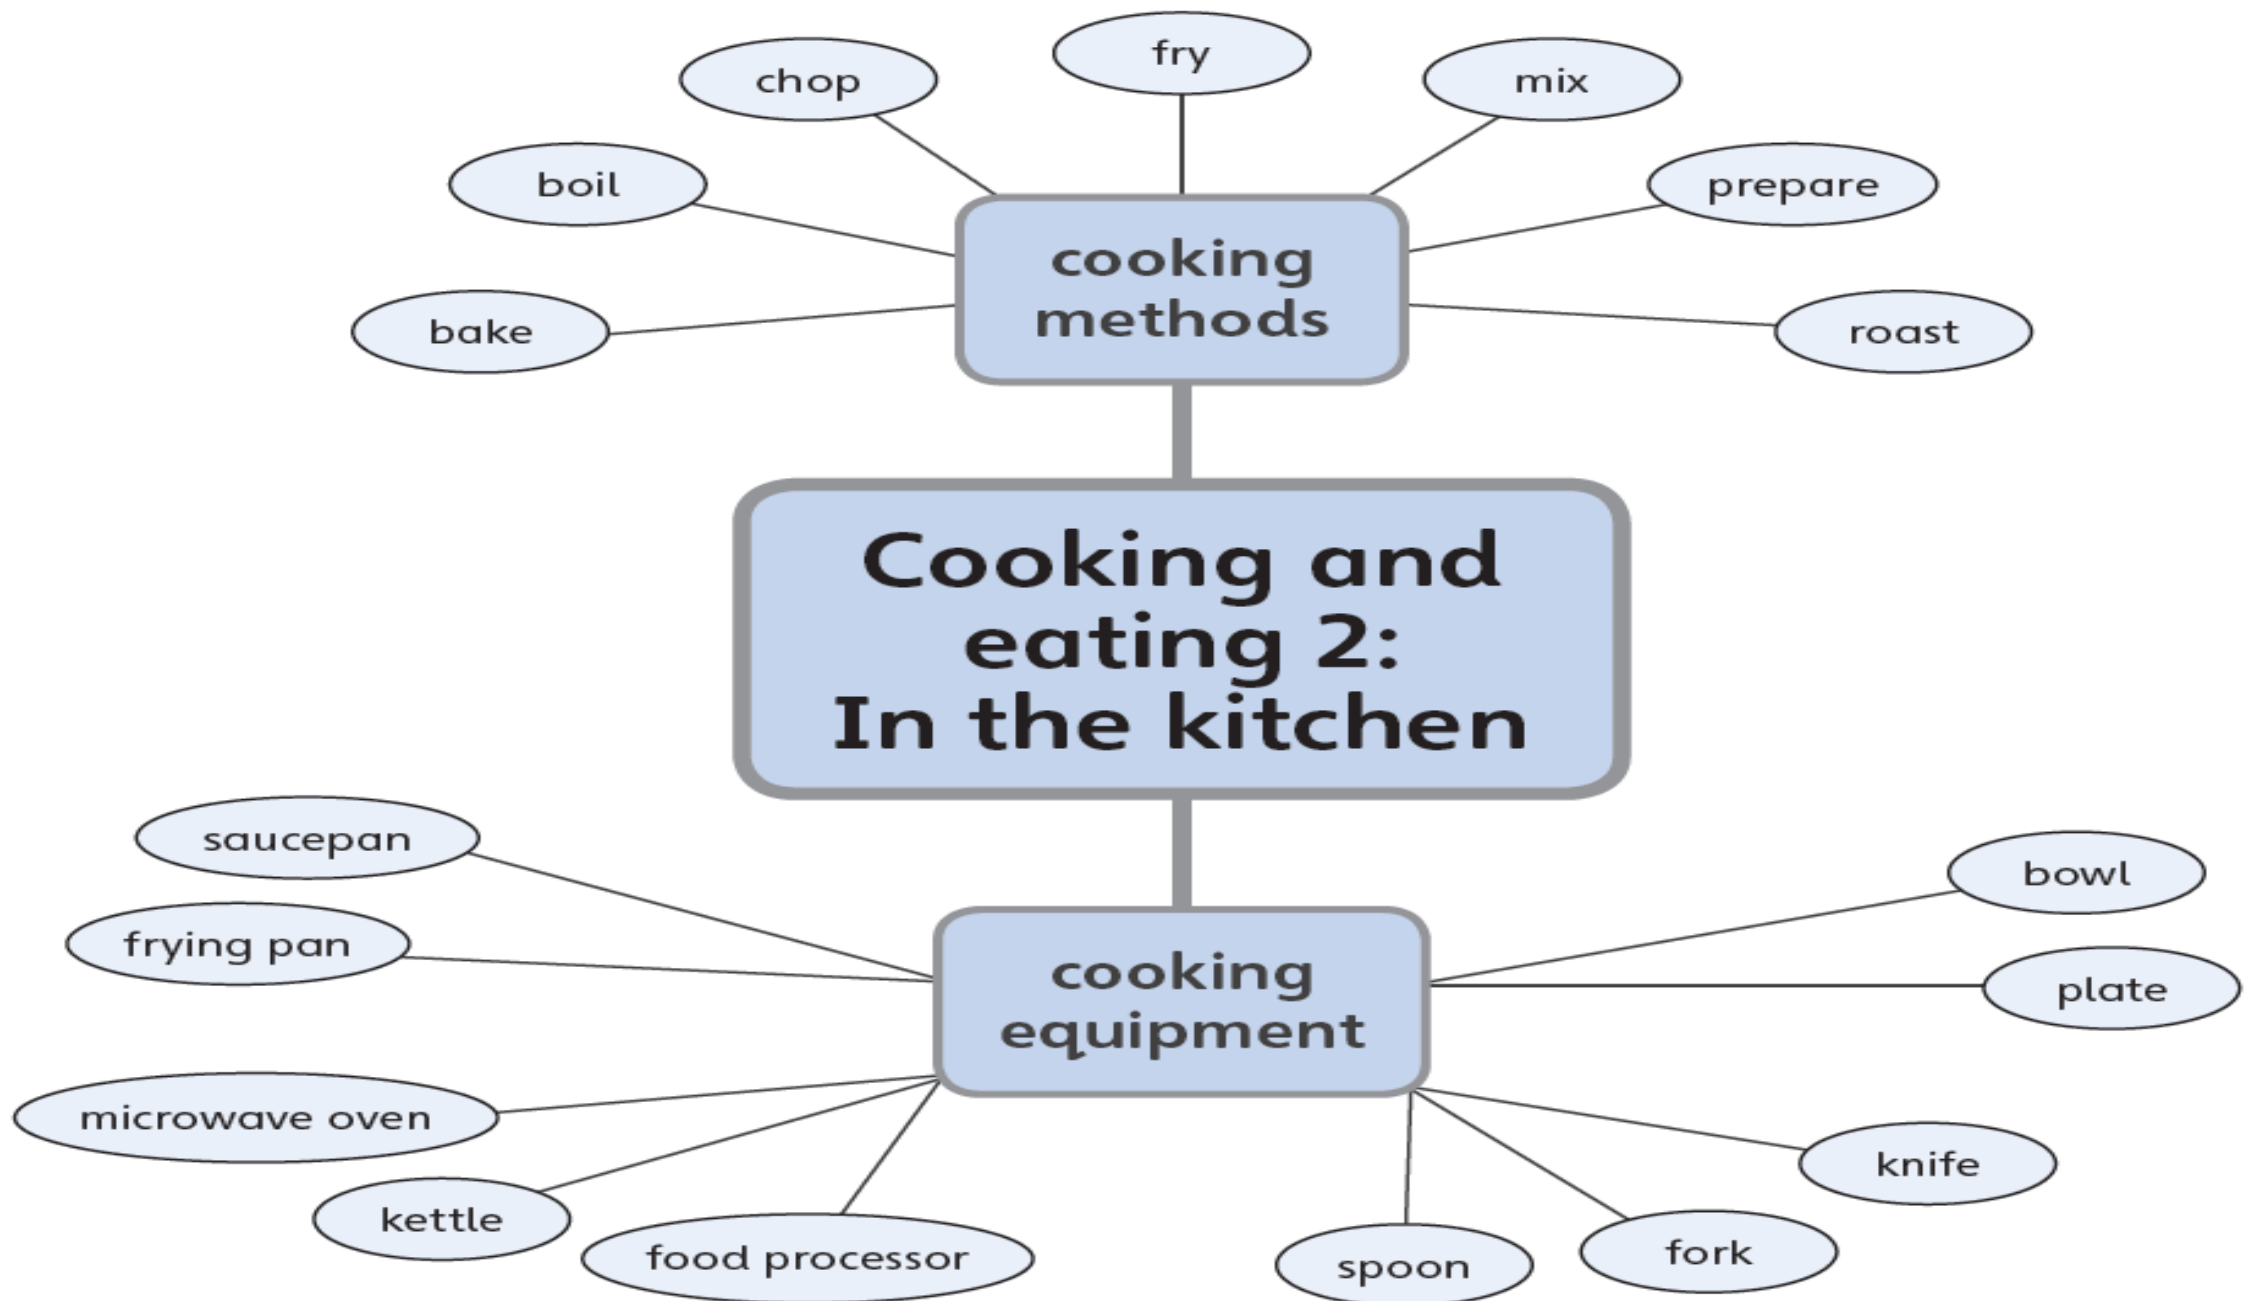

# Cooking and eating 2: In the kitchen

cooking  
methods

prepare

cooking  
equipment

# Match **places** on map to **words** in box

**Malaysia**

**Singapore**

**Jakarta**

**Papua Java**

**Surabaya**

**Indonesia**

**The Philippines**

**Papua Guinea**

# Listen to 6 sentences about **Singapore** and **Papua New Guinea**. Select numbers you hear, answer Q

9.10

1. **116**

**160**

4. **1965**

**1865**

2. **10%**

**20%**

5. **19.4 °C**

**19.6 °C**

3.  **$\frac{1}{4}$**

**$\frac{3}{4}$**

6.  **$\frac{3}{4}$**

**$\frac{1}{4}$**

# Date, big Numbers

9.11 )))

Some numbers can sound very similar. Notice the different stress

**30** students

**13** students

**90**%

**19**%

**For big numbers we say:**

**100** – a hundred / one hundred

**200** – two hundred (~~two hundreds~~)

**3,420** – three thousand, four hundred and twenty

**4,000,000** – four million

**For years:**

**1998** – nineteen ninety-eight

**2018** – twenty eighteen, two thousand and eighteen

# **1 min** **Meditation**

# Listen to **the first** part of a **lecture** about **Indonesia**, complete text with numbers you hear.

9.12 )))

The first country we're going to look at today is Indonesia in South-East Asia. It became independent in <sup>1</sup> \_\_\_\_\_, and now one of the most important days for the country is Independence Day on 17th August. There are <sup>2</sup> \_\_\_\_\_ Indonesians and they live on <sup>3</sup> \_\_\_\_\_ of its <sup>4</sup> \_\_\_\_\_ islands. Java is only the fourth largest island, but <sup>5</sup> \_\_\_\_\_ of Indonesians live on it. Two of the main cities are on Java: Jakarta, the capital of Indonesia, with <sup>6</sup> \_\_\_\_\_ million people, and Surabaya, the second largest, city with <sup>7</sup> \_\_\_\_\_ million.

**Break time**

# Listen to **the second** part of lecture, complete table with correct numbers

9.13

Size from east to west	
Indonesians working on farms	
Climate – minimum temperature	
Climate – maximum temperature	
Rain a year	
Maximum rain in mountain areas	
Rice imports	

# Saying 5 numbers

9.14

## dates

01/09 – the first of September

26/03 – the twenty-sixth of March

## decimal

2.89 – two point eight nine

0.3 – nought point three

## Fractions

$\frac{1}{2}$  – a half

$\frac{1}{3}$  – a third

$\frac{1}{4}$  – a quarter

$\frac{3}{4}$  – three-quarters

$\frac{2}{3}$  – two-thirds

$\frac{2}{5}$  – two-fifths

## Temperature

22°C – twenty-two degrees Celsius

-7°C – minus seven

## Percentages

15% – fifteen per cent

4.7% – four point seven per cent

## Match numbers to the way we say them 9.15

- |   |                |   |  |
|---|----------------|---|--|
| 1 | 7.35           | a | sixteen point one degrees              |
| 2 | 03/10/16       | b | eighty-two point four per cent         |
| 3 | $\frac{4}{5}$  | c | seven point three five                 |
| 4 | 16.1°C         | d | the third of October twenty sixteen    |
| 5 | 82.4%          | e | minus fourteen                         |
| 6 | 12/05/86       | f | four-fifths                            |
| 7 | -14°C          | g | one and three-quarters                 |
| 8 | $1\frac{3}{4}$ | h | the twelfth of May nineteen eighty-six |

# Match numbers **1-8** to the way we say them **a-h**

9.15 )))

**1. 7.35**

**2. 03/10/16**

**3.  $\frac{4}{5}$**

**4. 16.1°C**

**5. 82.4%**

**6. 12/05/86**

**7. -14°C**

**8. 1.  $\frac{3}{4}$**

**a. Sixteen point one degrees**

**b. eighty-two point four per cent**

**c. Seven point three five**

**d. The third of October twenty sixteen**

**e. Minus fourteen**

**f. four-fifths**

**g. One and three-quarters**

**h. The twelfth of May nineteen eighty-six**

# Practice saying the **numbers**

**1. 7.4%**

**2.  $2 \frac{2}{3}$**

**3. 21/07/92**

**4.  $-11.7^{\circ}\frac{1}{2}\text{C}$**

**5. 0.23**

**6. 20/02/15**

**7.  $100^{\circ}\text{C}$**

**8.  $1\frac{1}{4}$**

**Understand, say numbers**
